

CAWLB 2010 Community Picnic & Annual Meeting

- Introduce board and express our need for new board members and volunteers
- Express our need for volunteers at beach park and need for ant killer too.
- Thank guests for coming and bringing food / THANK YOU MEMBERS FOR GOING ABOVE & BEYOND IN SUPPORTING YOUR COMMUNITY. We are TRULY a community where NEIGHBORS ARE SERVING NEIGHBORS!
- Thank the neighbors and businesses who donated door prizes. Invite the neighbors to check out the door prize table to see who donated.
- Review of past year
 - Recently we brought together neighbors on clay and portions of westwood to express our opinion regarding a potential name change of the streets. Bringing the community together in this fashion resulted in a change of plans for the county who instead installed a stop sign at the intersection. Sharon can talk more about this or answer questions if needed. Thank Sharon and the neighbors (Dana Price, Tom and Susan Kane... etc) involved.
 - Improved the boat ramp by adding more concrete at the top of the ramp. Gary can talk more about this or answer questions if needed. Thank Gary, Ray Kalepp, Mike Penland and son, Rob Neely, and John Kalepp.
- Vote on next project: Suggest next project to be building a small dock at boat ramp then save for a future dock at beach park.
- FWC Bear Response Agent, Fred Bohler to speak.
- By noon we should be ready for some chow!!
